Total for graduation[2]: 22

1. **Students must be enrolled for at least the final six months prior to graduation.**
2. Students graduating after Aug. 2012 must complete an additional math course (four math credits, making a total of 22 for graduation).
3. Must include micro and macro economics. Personal Finance and Home Economics do not meet this requirement.

* A credit is considered the equivalent of 150 hours of classroom instruction.
